

「人間が生きる上で二番目に大切なものはなんだと思いますか？」

麻生太郎曰く「朝、希望を持って目覚め、昼は懸命に働き、夜は感謝と共に眠る。この気持ちだと思います。」

大切なものを守りたい！！！！

Some people said “what is second important things in your life. ”

What do you think about this question?

Aso Taro said “I have a hope when I get up.

I work hard in the afternoon.

I think thank you when I go to bed.That's all. ”

My heart is moved by this word.

Because I had not thought about my life.

But I'm thinking about them in my life now.

First, I think what I want to do today when I get up.

Second, I study and talk with my friend hard when I am in school .

Third, I thank about my new memory and I learned today when I go to bed.

My life is changing with growing up .

But the most important things is not to change .

However people forget important things, for example, dream , hope and so on.

If doing so, your life will lose its soul.

So I want not to forget about it.

I think life is like a Mountain.

For example ,in my life ,there are the worst time and the best time .

I think the worst time is long way and hard to climb it ,It would be easy to over come. But at that time, I feel so . However if you could endure it, the best time comes to me.

For example I was not good at running ,because I couldn't run fast.

So I tried to run again and again. I endured it.so I could run fast and I was good at running.

But the best time is very short ,compared to your worst life.

I know to go to the top is difficult.

So I think your life may be cruel.

I call it like this ,” there are mountains and valleys in my life”

I cheer up myself with the words and live my life

自分は人生は山やと思う。例えば、楽しかったり嬉しかったりする時間もあれば、苦しい、悲しいと思う時間もあると思う。

自分が思うには、苦しい時間は長いしその時間に行くのは簡単だけどその時を我慢すれば楽しい時間がくるはず、例えば自分は走るの苦手だったけど我慢して走り続けたら、足は速くなり走るのも楽しくなった。けど楽しい時間は自分の人生に比べたらとても短く最高なところに行くのも難しい。

だから人生って残酷だと思う。

自分はこの人生を山あり谷ありって読んで励ましこの言葉と共に人生を生きたい

“Like”

“Like”has many faces.

First, “be”is one of them.

You can be like your best person if you get your model. To be like them has good and bad points.

Good point is that you can know the way to live your life .To be “like” your best person and your model led you to the bright future.If you know the life of the person you like, you have to try their lives.If the person that you like is the hero or the famous person,you can enjoy their life very much.But you need to know bad point too.Bad point is that you may lose your originality.When you imitate their life,you can be like them.It means you just do their life.To put on their life on your life you can get

your another life.So don't miss your originality.Second,like is the way you know what to do.I think it means “enjoy”.What is the thing that you like?For example playing,eating and sleeping.It is the color which is not the thing to give and to want.It is the thing you can make.Blue mix with red.It will be purple.Yellow mix with blue.It will be green.To mix these colors.You can make your own colors.

It will be the person what you want to be.

Third is the difference between love and like.Have you ever thought about love and like? I said that like is the color.

We don't have same colors .We find out our color.We have difference colors each other.So we can get “love ”naturally. “Love”is the thing which everyone has.And it is the only one.

(あなたの人生と尊敬する人の人生を合体させることで違う人生を作ることができる) (だから独創性を失わないで) (様々な色を混ぜることで自分自身の色を作ることができる) (自分自身の色は自分たちで見つけるものだから同じ色はない“愛”は自然に身についてくる“愛”はただ一つのものである)

TO BE BETTER YOUR LIFE

In our school, we should **study** for my **dream** and we can become a **great person**.

If you want to become a amazing person, you should study very hard.

Why must we study?

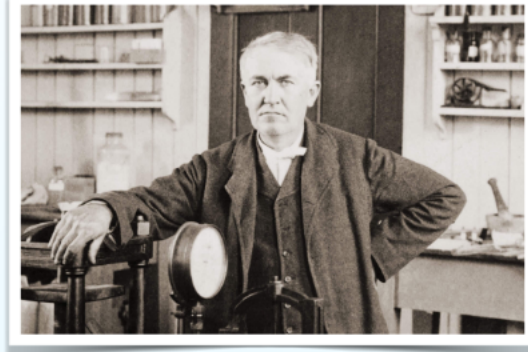

I think studying can help many people and make a peace of earth. For example, **Thomas Alva Edison** invented lights to use his brain and **Florence Nightingale** helped poor people.

This means they have a lot of information about all of things.

I'm sure all of you can learn about the world at school.

So you can become a nice person.

Our lives need wonderful person, so I want you to become a brilliant person to make your own world.

私達はエジソンやナイチンゲールのように未来のために勉強をします。

そして学校ではそれと同じ価値を持つ物を学ぶことができる、

つまり偉人になることができるのです。

Strength and Weakness

2017.10.17

I want strength.

I don't want to go myself back.

When I saw the person who was sad, I was frustrated.

Because The person was like me in the past.

But now, I know the person's feelings.

I have been involved in many tragedies in the past. I don't want to go back to the past, so I want to become stronger.

Every human being has darkness and weakness in their heart.

I want to change "weakness" to "strength".

Because I don't want to go back to the weak person in the past.

I believe that if I can accept my "weakness", I can become stronger.

悲しんでいる人を見ると、もどかしくなった。

その人は昔の私に似ていたからです。

昔のように臆病な自分には戻りたくないからです。

「弱さ」を受け入れることができれば、強くなれると信じています。

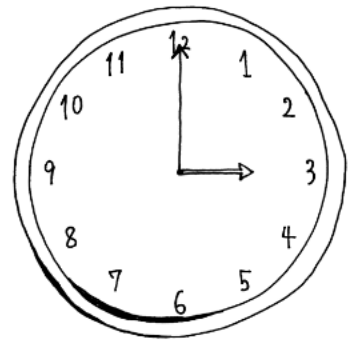

School life

My school life is very bad. I can't do anything I cry every time. I've been repairing my mind with the tears I shed. I caused some troubles for my family and my teacher. My heart was already broken. But it wasn't just bad. I was interested in basketball, school festival and so on. They made me happy. They helped me. Because I like many sports. So I was working hard on club. I enjoyed shooting every time, I was felt so good. So I was able to win my days through club. Moreover I played in the last game which we can win. I was very surprised. Because we've been losing practice games a lot. But we could win. In the end, I was able to climb to the last best 8. I had a little fulfillment and sadness. I worked hard for three years, but it's already over. I think no effort was wasted.

僕の学校生活はとても悪いものだった。できない事があれば毎回泣く事だった。あ

でも悪いことだけじゃなかった。

部活動や体育祭はとても楽しく、僕の心の支えとなった。部活も頑張り、総体ではベスト8に入った。しかしこれらも終わりを迎える...これらを含めてなに一つ無駄はなかったと感じた。

~ To live with times ~

Time is able to spend but not able to stop.

Time has been spending from long time ago, hasn't it?

***Time makes us grow because If time were not in the world,
we would have same figure and couldn't grow.***

We see , hear and feel a lot of thing in life.

Things that made me happy, sad, excited and so on.

But we will also fail sometimes.

I wish if I were you , I could do it, don't you ever think so ?

I think we can fail so, we should try many things.

Even if I fail, I may challenge to success many times.

***That means, every time we fail , we can move on goal that
we hope to get success.***

Go the way that is good life to me.

School is like a flower garden for me.

My school life memory is like a flower.

I have many big flowers.

For example

first memory is way home, because I had a lot of fun talking with my friends.

Second memory is P.E, because We decided to cheer together and had fun.

And so on

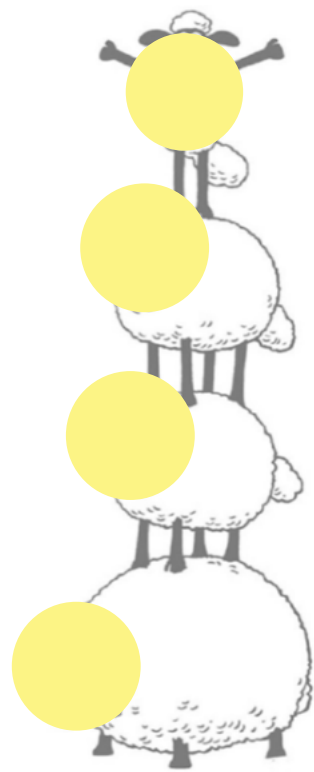

Memory is overflowed like a flower garden.

There wasn't a day that wasn't fun, because my friend and I make memory every day.

My friend was a big important treasure for me.

I will remember good memory even when I grow up.

学校はお花畑みたいで花一つ一つが思い出だ。友達と毎日作った思い出がお花畑のように大きな花で溢れている。だから、楽しくない日なんてなかった。友達は大きな大切な存在。大人になっても思い出を思い出すだろう。

To spend a good life

I think life is like a movie.

We do something in our life.

For example to get
angry, cry, miss, success and so
on.

We have a lot of time. But it
can't come back. So we should
enjoy everything.

I think One minute is a
memory, One day is a story, One
life is a movie.

Movie is own thing. Nobody
knows the story. To make only
my good movie, I want to enjoy
my life.

We will go to different ways.

But please think; Spend a life alone or spend
a life with your friends... Which do you like?

Dear me or you

Are you a happy? Do you still spend a good life with
your friends?

It is lucky to meet my friends.

We can meet again. Someday...

HEAVEN AND HELL

How do you feel our school life?

My school life has feel both side.

For me, hell's side is one day has 5 subjects.

It is not happy and very tired because 5 subjects is very difficult and 5 subjects has a lot of talk time.

Also, heaven's side is in the Nagomi festival.

Because our class is very enjoy Nagomi festival. And it is deeply in our brain.

I like heaven's side. But my good me memory is need heaven and hell's both side.

学校生活どのように感じましたか

学校生活には、両サイドある。それは天国と地獄

一日5教科あることは地獄。・・・

でも私には希望もある。・・・それを砂漠の中にある水のような希望。・・・その時間はとても嬉しい。

・・・それは、脳に深く入っている。

・・・でも私の記憶には、天国と地獄、両方のサイドが必要。

あなたなりのあなたの書き方で

Our life has only one story.

It can't be found anywhere in the world.

If There are sad and hard things in that story
but you can write the story.

If the ending is good, it's may be happy ending.

How to make your story will be interesting.

If you stop, don't give up.

Although there are sad scenes and hard scenes,
the story may be interesting.

I want you to complete this story in your own way.

Let's enjoy your life

Saki

Farewell season is coming soon...

Then three things I want to tell to my friends

First, I'm sorry.

When we get mad each other, I said bad words.

I can't forget about it.

But you might not remember it now.

I couldn't tell you about it until now.

However, I can tell you today, because I use English 😊

Second, Thanks.

They always support me when I'm sad.

So they always saved my heart.

I can't usually say it because I'm shy.

But actually, I'm grateful thanks to them everytime.

Third, I love them ❤️

Helen Keller said "I would rather walk with a friend in the dark, than alone in the light"

I agree with this message.

My junior high school life was very hard and boring like a jail.

But I was feeling happiness when I spend "bad" school lives with my friends.

If they just stay with me, they'll make me happy.

I can't explain my feelings well.

However, I'm sure that they are my treasure of my life.

別れが近づく今、友達に伝えたい3つのこと

ごめん、ありがとう、愛してるよ❤️

みんながいたから、辛い中学校生活でも私は幸せを感じられたんだよ
友達は私の人生における宝物なんだからって確信してる♡♡

My respect parson.

Now I am fifteen years old.

I have a dream, my dream is to be a P.E teacher.

So I will go to Ayabe high school, because I want to study and do hard in sports.

I have a motivation to become a P.E teacher.

Because I have my respect person.

It is Mr.Tanida. He is P.E our teacher.

He is very kind to us, he taught baseball in baseball club, he taught many things to me.

Such as kind heart and positive mindset and so on.

He plays a lot of sports with us and with me when he teaches baseball and P.E class.

He respect Mr. Matsuoka.

He looks like Mr. Matsuoka.

So I want to be like him.

I grateful thanks to him now !

I want to say "thank you"to him.

題名 僕の尊敬する人。

今、僕は15歳。

僕の夢は、体育の先生。

そのためのモチベーションがある。

それは僕の尊敬している人から来ている。

僕の尊敬する人は体育科の谷田先生。

To You As A University Student

Hey, I am you. This is you 5 years ago.

Are you studying to make your dream come true now?

You can't see your future but don't give up.

You must run toward your dream and future.

When I was studying, I felt like running toward to my dream.

So I liked studying about it then.

However I don't think you think about the same thing. It's not bad.

But you mustn't forget this things.

Do you remember? You learned it from Ms.Oishi.

Wada's teachers and my parents supported me a lot.

My friends and I enhanced each other.

So if you stop running, you will betray them. You know what I'm saying?

I dislike to betray a person.

Last I want to say to you.

Keep running. Even if you can't catch up your ideal model.

You must keep running.

大学生になった自分

今、あなたは夢に向かって走り続けていますか

あなたはこの先どうなるか知ることができないし、あなたの理想に

追いつけないかもしれない

でもここまで支えてくれた人たちを忘れず、走ることをやめないで

I understood some thing in nine years of my school life.

My school life has two lords.

One lord is hell.

**If you loose your every day life,
you will go there.**

It means you don't get your dream come true.

You will feel regret of your life time.

You should loose your laziness.

But there is another lord.

Two lord is heaven.

It means you make effort.

You want to get a big dream.

**If I compare these,
two lords have one habit.**

Hell had the past entertainment.

Heaven has the future entertainment.

**Past or future, you can change your life
to decide heaven or hell.**

Don't choose the right path ,

but live so that the path you choose is right.

私は日々の中で道があると知った
1つは地獄で
怠惰に負けたことを意味する
だが天国もある
2つを比べると特徴があり

**I have many important memories.
I learned many things through my memories . I
want to look them back in three years.**

**Especially, my best memory is “ a school trip”.
I went to HIROSIMA. I visited MIYAJIMA and
HIROSIMA peace memorial hall. I went there for
the first time. In HIROSIMA memorial hall, I feel
cold a little. Because we protect important history
and exhibitions.**

**When I looked at them, I felt very sad. Because I
studied about peace. Exhibitions have people’s
thought.**

**I spend a happy life now. I want to appreciate it.
The war doesn’t make people happy. In the world,
the war like that happens.**

**We visited to MIYAZJIMA. I bought autumn leaves
rice scoop and Key holder. I enjoyed them at the
time. I looks like our happiness.**

I hope peace will continue in the world.

I hope don’t lose them in the world.

たくさんの思い出の中で学んだ。特に残っている思い出は修学旅行で宮島と広島に行き平和学習をし。今、平和に暮らせることにありがとう、最高の旅行でみんな楽しそうだ。この世界で平和が続くことを願っている。笑顔がなくなる世界であってほしい。

School is galaxy

School is galaxy to me.

Universe has infinity potential.

Student is planet and teacher is a brighting star.

For example, teacher is Sun, I'm Earth, my friend is Venus, and so on.

We have good things and bad things, so they are like daytime and night.

Other planets can see at night but brighting star can't see that one.

So teachers can't solve our problem in school.

If they want to solve it, teachers have to collect information from student to solve these problems.

Because they can usually see us, and they can do it.

But, night is not only important thing.

Brighting stars are giving planets influence.

If Brighting stars are different, planets are different from good things and bad things.

Society will be different when school mood is different.

“Change your thoughts and you can change your world.”

What do you think?

私達は良い所も悪い所もあるが
教師は悪い所を見れない。
だから校内の問題を
解決できない。
だからこそ
情報を集めるべきだ。
他にも、
教師は影響を与える。
『自分の考えを変えれば
自分の世界は変わる。』

Color me live

If you explain about your life which you spent with us, what's shape will you imagine to tell?

My life looks like a canvas which has a size of 9~12 years.
It's the foundation of life for me.
And I think my classmates like "second family."
We spent together 24/7 so my canvas is so big with our memories.

If I become leader and passionate, **red** is getting more on the canvas.
If I feel happy and enjoy, **pink** and **orange** are getting more.
If I feel angry, **black** and **yellow** are getting more.
If I feel sad, **blue** is getting more.
Instead of yellow has meaning of happiness, black has one and only, blue has freedom!!!
My canvas is drawn by me with yellow, black, blue but it has positive meaning more than negative.
And it has a lot of **warm colors**. In other words, my school life was fulling.
I have so many special memories for a long time so I can't talk about all of them here.

My canvas become colorful day by day :)
Even if there are sad things and painful things, family overpaint them in different colors.
through this sentence, starting with "family", I'd like to tell you "special thanks" to teachers, family, and juniors!
Thanks to everyone, my canvas has been colored*:)

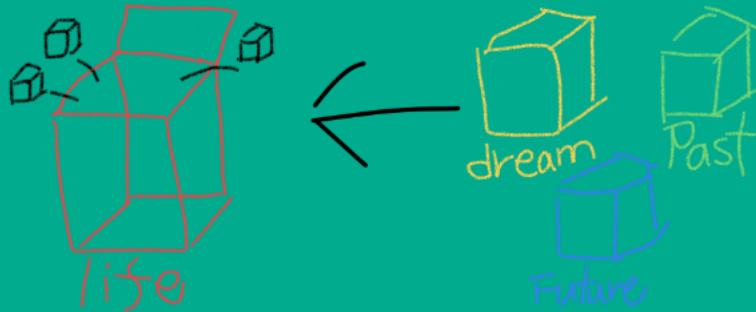

自分の人生を何で体現しますか？

私の人生は巨大なキャンパスであり、長年共にしたみんなは第二の家族であります
キャンパスは目を重ねるほど情熱の赤や幸福の桃色や黄色、自由の青などで彩られました
これを豊かにしてくれた"みんな"へ一番に感謝を伝えたいです！！

What's your life?

I'm sure my life is "BOX"!!

Because there are a lot of things in the box.

It's a school life, The time I spent with my family, The time alone.

'School life' Sports day, Culture festival, My club activities. 'The time I spend with my family' We always eat breakfast and dinner, watch TV and so on.

'The time alone' I always play game and study subjects.

So my life boxes gets bigger and bigger.

Because other boxes are born from my life box.

Other boxes are Past box, Future box and dream box and so on.

And there is important word in a dream box.

You can follow your dreams and fail. Still, you will work out!

I want to try many things.

There is more memory in a past box.

For example, I did play baseball with my friend, I studied subjects with my classmate and so on.

Future box has my life from now on.

I will graduate JHS. I'm almost there.

And I will grow towards my dream.

I want to ask you, What do you think about my life box?

人生は“箱”、いろいろな箱があっっているいろいろなことが箱に入っている

それは夢の箱、過去の箱、未来の箱があっってその中に学校生活や家族との時間、1人の時間が...

夢の箱には“夢を追って失敗することはあるけれど、なんとかなる”ということ

過去の箱には友達と遊んだこと、クラスメートと勉強したこと

未来の箱にはこれからのこと中学校を卒業して、夢に向かって成長します

How do you feel our school life?
I think my school life is like “file”.
Because I have a lot of memories in file.
In file good memories and bad memories.
For example fight with friends. And encourage with friends .
My best memory is the last baseball game.
Because friends and I got a strong friendship.
It will make my life wonderful.

あなたは学校生活どう感じましたか？
私はファイルのように感ました
良い思い出と悪い思い出がります
しかし僕は仲間と強い友情を得ることができた総体が
一番の思い出です
それを胸に素晴らしい人生にしたいです

My Second House A Lot Of Memories

My school life is my treasure.

My friends are like my second family.

Because we help each other, if I feel sad,

We sent a yell each other.

So my heart became warm.

Thank you for my second family!!!!!!!

My school is like a second house.

So school always protects me.

We spent together for a long time.

That made me grow up.

Thank you for my second house!!!!!!!

We will go to another place.

IMPORTANT FOR MY LIFE

I think money is the most important for my life.

For example, if I have a lot of money, I can make my dream come true.

If I can make my dream come true, I will be happy.

But money can't buy just one thing.

It is human mind. So I want cherish money
and human mind.

I think money and love is important for my life.

"Life is not all about money. But a life without money is also not a life. If you don't have enough money, half of life's possibilities are shut out"

私は人生にとって1番大切なものはお金だと思う

でも一つだけお金で買うことができないものがある

それは人の心、愛だ

だから私はお金だけでなく人の気持ち、心も大切にしたい

私はお金と愛が人生にとってすごく大切なものだと思っている

金だけが人生ではない。が、金が無い人生もまた人生とは言えない十分な金が無ければ、人生の可能性のうち半分は締め出されてしまう

Dear me. (to me five years later.)

How's it going?

How have I been?

**If I were twenty years old, would I drink
Alcoholic beverage?**

Will I had boy friend yet?

Will I have any new friends in university?

Will still keep on playing the guitar ?

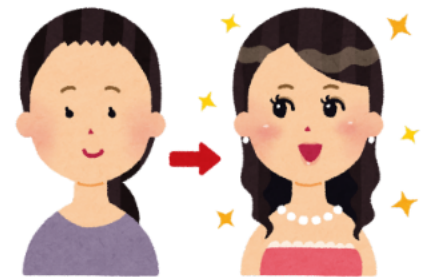

**What bothers me that most is I will have boy
friend or not.**

Because I have never had boy friend. 🙄😭😡

Me in the future! I can do it!! I believe it!

For that purpose, I will brush up myself.

Be beautiful and purity!!

**I'm escaping something until
now. So I want to change
myself. So I want to try anything! Don't be
afraid to fail!**

元気にしてる？

彼氏はできた？できてたらいいなあ…

だって今まで彼氏が出来たこと一回もなかったからね 🙄

だから垢抜けて可愛くなるんだ。

私は変わりたい。その為にどんなことにも挑戦する！

失敗を恐れるなよ！

Dandelion

My junior high school life is like a dandelion.

**Because dandelion become cotton when it
spend a lot of time.
Then it takes off.**

**Like that, we grow up when we spend time.
Also then we take off.**

**Both cotton and us will go to different places
one by one.
So dandelion and we fly over towards to
various dreams.**

**I think we and cotton were grown by
environment.
And we learned many things there.
So I want to keep alive in a new place.**

**We will leave from now.
We can do it in a new place.
Let's do our best!**

私の中学校生活はたんぽぽのようだった。たんぽぽは育てば綿毛になり一人一人旅立つし私たちも成長したら一人一人違う場所に行くから。私たちは自然によって育てられたと思う。だからそれを生かして新しい場所でも頑張っていけるはず。

School wrote the source of my story

I think school is like a mapping.

We write mapping every English classes.

If I write mapping, I can make my thoughts bigger.

School shows many things.

For example, in English class showed me the world.

I was sad to read the story about Pacific Ocean. I think I should refuse plastic bag.

I was surprised to read basketball. I want to know more about basketball.

I became interested in AI. I think AI is not only an enemy but also a friend.

Also math class showed me math is useful.

Some people say [Studying math is useless.]

I don't agree with the opinion, because I think math taught me useful thing such as speed calculations. If I want to go to many spots, I need to calculate time and speed.

School showed students many things. For example, social studies teacher taught basketball everyday, math teacher taught us math, P.E teacher enjoyed playing badminton with us.

So I think school is like a mapping.

School wrote the source of students story.

I go to school every day, so I can find my dream.

I want be a teacher, because I think teachers look fun.

In other words, school shows me how teachers work.

However I know teachers works has dark side. I know teachers can't go home early, because they want to make good classes.

School writes only source of my story.

So I have been studying even now, I have to continue studying from now on.

I want to tell the person who read my essay, to make dream come true need effort.

This is the most important. I'll do my best too.

学校は私に色んなことを見せてくれました。学校は私に先生の仕事を見せてくれたので私は先生になりたいという夢を持ちました。私が大切だと思うことは夢を叶えるために努力することだと思います。私もベストを尽くします。あなたも頑張ってください。
